

Highly visual, simple and reliable, the LABEL SAFE™ Advanced Labeling System ensures the right lubricant goes into the right machine every time.

Specially designed for industry, LABEL SAFE™ is the only industrial grade labeling system in the world that enables accurate lubricant identification from bulk storage to the point of use.

Innovative, practical and durable, the fully integrated and color coded LABEL SAFE system:

- Ensures the right lubricant goes into the right machine every time.
- Improves OSHA compliance
- Accommodates inclusion of MSDS at all steps of the lubrication process
- Enables consistent identification of bulk storage, intermediate container and point of use
- Is flexible and suitable for multiple work place applications
- Is industrial grade, high quality and suitable for outdoor use
- Improves productivity and efficiency
- Increases bottom line savings

Exclusively from Reliability Brands and authorized distributors, the world's only system for complete fluid transfer management.

LABEL SAFE™ is part of an innovative portfolio of products that combine to form a revolutionary system for managing lubricants from bulk storage to the point of use.

The fully integrated Reliability Brands product system includes:

Oil Safe®

Label Safe™

Grease Safe®

Evaluation Kit

Evaluation Kit provides a complete cross-section of the LABEL SAFE™ product range. Enables users to determine the components they need as well as how components combine into one integrated system.

Part No.
Evaluation Kit 290001

LABEL POCKET™

Double-sided pocket accommodates Content Labels and card stock and provides ample space for comprehensive identification information on containers and equipment. Available in larger size for MSDS and other information.

Part Nos.
2" x 3.5" Clear 200101
4" x 3.5" Clear 200102

LABEL POCKET FRAME™

Industrial-grade frames protect and color code label pockets — connect to equipment via LABEL SAFE™ magnets or clamps or to OIL SAFE® containers via LABEL SAFE™ drum rings.

Part Nos.
Beige 200000 Mid Green 200005
Black 200001 Orange 200006
Blue 200002 Purple 200007
Dk Green 200003 Yellow 200009
Gray 200004 Red 200008

DRUM RING™

Attach industrial-grade drum ring around neck of OIL SAFE® containers. Use with multiple label pockets and a color-coded frame for container and fluid identification.

Part No.
Black 201001

LABEL LEASH™

For attaching pockets to machinery, piping and other fittings. Use individually or make a longer leash by connecting multiple leashes together to suit your applications. Unlike cable ties for affixing labels, the leash can be easily removed and reused.

Part No.
Label Leash 202001

LABEL MAGNET™

High strength, custom-built magnets fix label pockets and color-coded label frames to bulk fluid barrels, totes, storage racks, machinery, equipment, or any metal surface.

Part No.
Black 203001

ID WASHER LABEL CLAMPS™

LABEL CLAMP couples to any LABEL SAFE™ Color-Coded Fluid Point ID Washer, enabling comprehensive equipment fill-point identification. Clamp in a LABEL POCKET and LABEL POCKET Frame, if desired.

Part No.
ID Washer Clamps 204001

LABEL WRAP™

Clear and durable LABEL WRAP houses a LABEL SAFE™ LABEL POCKET inserted inside. Enabling color coding and identification of grease guns, auto-lubricators, air breathers, spray cans, and other suitably sized cylindrical objects.

Part No.
Label Wrap 206000

FILL POINT ID WASHER™

FILL POINT WASHERS are temperature and chemical resistant. They enable color-coded identification of machine-oil and grease nipple fill points as well as a label-spring clamp, pocket, and frame to be positioned at the point of use.
